WE ARE READY

GKAI Learning Center is excited to announce that after the huge success we had operating with our Pathfinders (school age) and Discoverers (pre-k) classes, and also after passing our licensing inspection with flying colors, we are now ready to reopen our Little Lambs classroom and welcome 3 & 4 yr. old students to the center.

OUR GOALS

Despite the challenging and unprecedented circumstances, we have worked and will continue to work hard to uphold our top priority and main goal: providing a safe and healthy environment for our students while continuing to offer them the academic enrichment in the various subjects we teach, whether it be English or Arabic languages, Quran, Islamic Studies, math, science or arts.

Alhamdulillah it's by Allah's grace, GKAI's staff dedication and hard work, and the support of our wonderful families that we're succeeding and continuing to grow.

PROMOTIONS AND OFFERS

We are offering a sign up promotion to the first 5 families to apply: all application fees will be waived for them!! Virtual classroom visits as well as after school hours visits are available by appointment only. Looking forward to seeing you soon!
